

Pre-University and other Text Books

Apart from publication of scholarly works the Prasaraᅡa has taken up publication of Textbooks, which would be useful for students of Science and social science in colleges. The First and Second Pre-University Social Science and Science textbooks brought out by the Prasaraᅡa have helped students who would like to study these subjects in Kannada. The letters of gratitude written by many students speak volumes about these publications. We always stress the fact that learning best happens in the language of the students, and the University has attempted in this direction and provided textbooks in the language of students and the University has fulfilled this long-standing wish. As per the new syllabus of Pre University College level, Text books of History, Economics, Social Science, Political Science, Physics, Chemistry, Mathematics and Biology were published.

For the Professional College students of both Medicine and Engineering and for Non-Kannadigas studying in Degree classes books entitled 'Kannada Kali' and 'Kannada Manasu' are published respectively. For the benefit of Art students of Karnataka, Text books like 'Nudideepa-1' and 'Nudideepa-2' are published. For visual art I and II year English Text Book Kaleidoscope and Kannada Text book Nudibinnapa has been published. For Engineering diploma III and IV semester students Kannada Text book Tantrika Kannada has been published.
