

Series on Tribal Oral Epics

In this series of Tribal Oral Epics, an attempt has been made to trace the rich cultural tradition and values of Kannada Culture. The great Indian Epics portray a culture that is quite unique and reflect the Indian tradition while the Oral Epics of the regions truly depicts the vernacular culture. The Epics contain vivid description Karnataka, its forests, tribal community and their practices. The description is more realistic to the environment in which the tribals lead their humble life. They help in the reconstruction of history and culture and the people, who were neglected by the civilized community. This series depict a rich tradition. In this series 10 Oral Epics have been published.
